# WILKS RANCH

## Annual Production Sale

1 PM • AT THE RANCH SOUTH OF EASTLAND

# OCTOBER 18, 2018

## 133 FEMALES AND 140 BULLS

### BAR LR IVORY ENAMEL 242

\$120,000-valued  
Donor of 8395

### WILKS ENAMEL 8395

Reg. No. 19140816

The first offspring to be offered to sell by the famed \$120,000-valued Bar LR Ivory Enamel 242, who is a daughter of the Pathfinder® sire Hoover Dam and out of an All-Around dam back to the \$200,000 donor dam Enamel 8528. This female is the number 4 \$B and number 24 for yearling weight among all Acclaim non-parent females in the breed. She is flawlessly designed in her makeup with abundance of red meat and bone. Her EPD profile places her in

the top 1% of the breed for YW, RADG, CW, \$F and \$B; combined with her genetic makeup that has no Ten X, Rampage or Upward in her pedigree, makes her mating flexibility numberless and her ability to produce returns on investment endless.

| SB   | +211.93 |

Offering one-half interest or the option to double your bid to acquire full interest and possession in the number 17 \$B and number 28 marbling active dams sired by Ten X anchored on the maternal side by some serious maternal power by the Friendship Farms donor, Rita 3F21 who is a direct daughter of the \$45,000 Fairway and Friendship donor, Rita 9Q23 who stems directly from the famed Rita 5F56.

Rita 5X87's dam is a flush sister to the Accelerated Genetics sire FF Rito 3F21. Rita 5X87 has a super impressive individual performance ratio of 156 for IMF and 112 for Ribeye coupled with single digit 50k scores for calving ease and marbling to help place her in the top 1% of the breed for YW, CW, Marb, \$F and \$B, top 3% for WW and top 10% for \$W. She sells bred to Cowboy Up.

# Genetics don't lie.

**Introducing the new American Angus Association® feeder cattle program.**

Angus Link<sup>SM</sup> brings the world's most comprehensive genetic database to America's cow herd. The program's three simple scores identify your calf crop's genetic performance potential on the ranch and in the feedlot. Angus Link gives you the information you need to know to make your next calf crop better than the last.

**“Quantity  
has a quality all its own”**

**Eubulides of Miletus**  
4th Century BC

**“Quantity has a quality all its own” can be traced back to Eubulides’ “heap paradox”. Much like grains of sand becoming a heap, frozen semen is also a numbers game. You will never get more with less. At EBS our conservative quality control program insures that you will have more than enough to get the job done. Eubulides was a great philosopher, but useless as a cowboy. Yet he hit upon the essence of our quality control long before we put our boots on.**

**Come by for a visit and learn why  
you will never get more with less**

## THE BALD-FACED TRUTH

### ABOUT HEREFORD GENETICS

It's obvious – Hereford-sired calves deliver a \$51 increase in net profit per cow, per year.\* Hereford genetics bring legendary hybrid vigor, improved fertility, feed efficiency and easy-handling docility to your program. Read the research, and see why Hereford heterosis pays off, at [HerefordTruth.com](http://HerefordTruth.com).

\*Compared to Angus-sired calves. Source: Daley, David A. and Earley, Sean P. Impacts of Crossbreeding on Profitability in Vertically Coordinated Beef Industry Marketing Systems. American Hereford Association. Retrieved from <https://hereford.org/wp-content/uploads/2017/02/HarrisHeterosisReport.pdf>. 61883-A

## The RCR Program

**Fertility** – 75 day calving season

**Performance** – with no creep, each cow must raise a calf to hit weaning weight benchmarks. (how the commercial cattleman gets paid!)

**Longevity** – Bulls developed with a target yearling weight in mind. Allowing for a balanced growth as well as strong rumen, hoof, and skeletal development.

**Bulls always available** – Spring and fall calving seasons provide a year round bull inventory of all **Rocking Chair Ranch** raised bulls.

Performance data, EPDs, and ultra sound data available.

Bulls are fertility tested and guaranteed.

**Home of the 2018 Houston All Breeds  
Champion English Heifers.**

## YOUR SOURCE FOR TOTAL OUTCROSS BLACK HEREFORD SIRES

### ILR IRON MILES 515 ET

He has a tremendous EPD profile with thickness, muscling and performance. Son of C Miles McKee 2103 ET, the 2014 Supreme Champion Hereford Bull in Denver and record high selling bull in the 2013 Colyer Hereford and Angus sale in Bruneau, Idaho. Come take a look. ILR Iron Miles 515 ET and his calves carry on the genetics and characteristics of his sire.

### TRIPLE L A329 "DEXTER"

Herd sire raised here at Triple L. He is a tremendously deep bull with loads of volume, thickness and pigment. His calves carry on his qualities in both the show ring and in the pasture. Total outcross Helton son.

### TRIPLE L #1

New super thick, junior herd sire purchased in South Dakota. He is a total outcross! Montana Miss TA 524C (Line 1) x BVC Aviator 4007. See online video.

## Special Ranger Tips: Estray Bulls

Whether your own or the neighbor's, bulls tend to roam, especially when there are open cows up the road, greener-looking grass, or he decides to widen his horizon. No matter how strong you believe fences are, little will prevent a motivated bull from making his move. Here are some tips from your special rangers.

### Brand Your Cattle

Brands must be registered in the county or counties in which you operate. Visit [www.tscrabrands.com](http://www.tscrabrands.com) or [www.tscra.org](http://www.tscra.org) for more information on brands, including how to read, design, and register.

### Know Your Neighbors

Consider proper biosecurity and quarantine protocols if you suspect a strange bull has mingled with your herd or if your bull mingled with cattle other than your own. Biosecurity information is available at the Texas Animal Health Commission website at [tahc.state.tx.us](http://tahc.state.tx.us).

### Know Your Laws

Familiarize yourself with fence and range laws in

your county and check your fences regularly.

A useful resource is "Five Strands: A Landowner's Guide to Fence Laws" published by the Texas A&M AgriLife Extension. This handbook, along with other important resources, is available for download at the Texas Agricultural Law Blog at [agrilife.org/texasaglaw](http://agrilife.org/texasaglaw). Look under the "Published Materials" tab for more information.

### Know Your Local Law Enforcement

If you find an estray animal, call your sheriff within 5 days. Make sure you have their phone number handy, as well as contact information for your local TSCRA special ranger. You can find your local ranger at [tscra.org](http://tscra.org) under the "What We Do" tab, along with more estray laws and regulations; look under the left menu for "Report Theft and Estrays." ■

## Take advantage of Heterosis with a Proven Bull Program

### Three Ways to Increase Your Profits

For over 40 years you've known us for our outstanding Hereford cattle. We have also been producing top quality Angus and Charolais cattle for 18 years. All of our breeding programs are built on the top genetics in their respective breeds.

We provide proven crossbreeding components that will add pounds to your calves and work in your environment. For maternal traits, beef quality, muscle and durability, we have the options. We use these cattle in our own commercial program and finish them in the feedlot. We know what they will do for you.
