**Issue: TX-CW3321**

**Weekly Summary for August 30-September 5**

**Released: September 7**

Most of the state received from trace amounts to 2.0 inches of precipitation. Some areas in the western portion of the Trans-Pecos received up to 6.0 inches, and parts of the Upper Coast received up to 4.0 inches. There was an average of 6.6 days suitable for fieldwork.

**Small Grains:** Wheat seeding continued to build momentum in the High Plains and the Blacklands and was getting underway in the Low Plains and the Cross Timbers, but moisture is needed to really spur small grain seedings.

**Row Crops:** Corn harvested increased to 53 percent, down 8 points from the previous year and down 4 points from normal. Reports indicated corn harvest is complete in many areas of south-central and southern Texas. Cotton bolls opening reached 28 percent, down 10 points from the previous year and down 3 points from normal. In the Northern Plains, hot weather was beneficial for cotton, while reports in the Southern Plains indicated the need for rain. Peanuts mature reached 10 percent, down 7 points from the previous year and down 1 point from normal. Rice harvested reached 84 percent, down 7 points from the previous year and down 2 points from normal. Sorghum harvested was 66 percent, down 6 points from the previous year but up 1 point from normal. Soybeans harvested was 25 percent, down 7 points from the previous year and down 9 points from normal.

**Livestock, Range and Pasture:** Livestock were reported to be in good condition. Pasture and range condition was rated mostly fair to good.

### Crop Condition

Crop	Percent of Acreage					Index <sup>1</sup>	
	Excellent	Good	Fair	Poor	Very Poor	2021	2020
Corn	17	44	29	9	1	78	67
Cotton	12	42	37	8	1	75	52
Peanuts	1	55	43	1	0	77	74
Rice	16	58	24	1	1	85	88
Sorghum	15	48	28	8	1	79	67
Soybeans	5	42	37	11	5	69	75
Range and Pasture	7	33	38	16	6	65	43

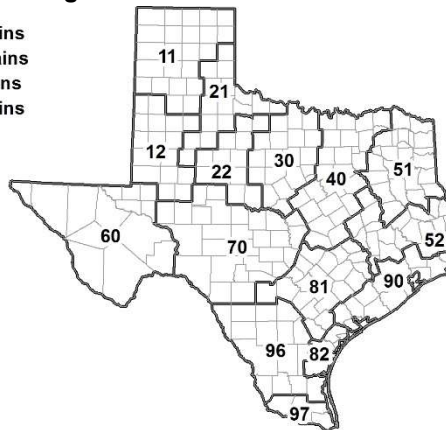

<sup>1</sup> The formula for the condition index is  $I = (5V + 25P + 60F + 90G + 110E)/100$  where I = crop condition index and V, P, F, G, E = percentage of crop rated very poor, poor, fair, good, excellent.
